

JOIN US FOR A “CUP O’ KINDNESS”

Many people know the words to the infamous New Year’s ballad Auld Lang Syne, and most of us get the gist of the song... but few people know how it relates to our health and prosperity. See if you can find it in the lyrics:

*Should auld acquaintance be forgot,
And never brought to mind?
Should auld acquaintance be forgot,
And auld lang syne!
For auld lang syne, my dear
For auld lang syne
We’ll take a cup o’ kindness yet,
For auld lang syne.*

The lyric “We’ll take a cup o’ kindness yet” refers to the ancient custom of drinking to one’s health. In fact, in some countries, it was considered rude to drink without drinking to the health of a person.

Auld, of course, means “old” and lang syne means “long since.”

So, if it’s been “lang syne” your last mammogram, you can join us on January 5, 8:30am - 1:00pm. We’ll have champagne and mimosas so that we can drink to your health, and you can check off one of your New Year’s Resolutions of regular health screenings in the process!
