

Make your next mammogram a Social event!

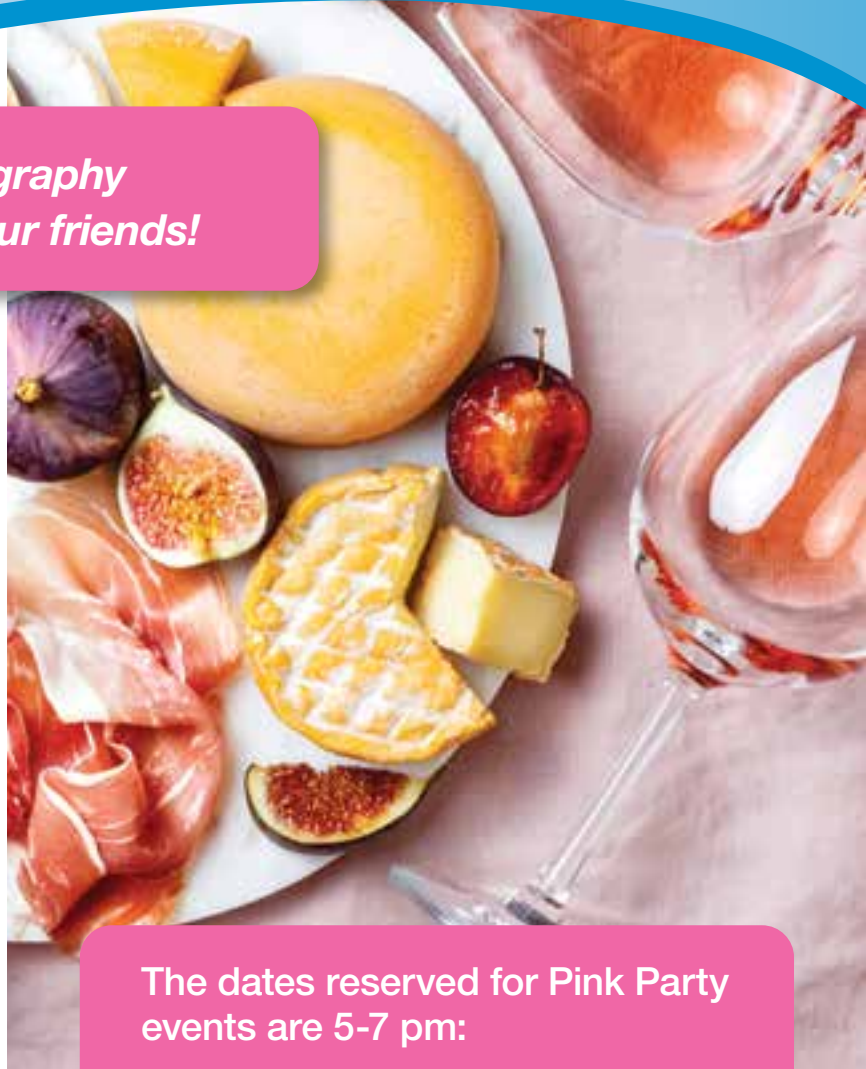

Let RAH help you host a mammography screening event for up to 10 of your friends!

More than half of all women miss their annual mammograms... why not encourage your friends and loved ones to get screened by making it a fun, social event?

This October, Radiology Associates of Hartford is helping women host their very own “Pink Party” on select dates. You bring your friends and family for their mammogram and we'll provide the cocktails/mocktails, appetizers and fun. Each Pink Party lasts two hours and includes:

- Your choice of cocktails and/or mocktails
- Your choice of appetizers including charcuterie and other indulgent options
- Create-your-own flower arrangement bar or custom spice mix to take home
- Individual, private mammogram screening on state-of-the-art Hologic 3D systems

Since you control the guest list, we'll make sure no other patients are present at your event, and as always, our staff will adhere to strict cleaning and protective gear protocols to ensure the safety of you and your guests.

The dates reserved for Pink Party events are 5-7 pm:

Wednesday, October 12 - Enfield

Wednesday, October 19 - Bloomfield

Thursday, October 20 - Glastonbury

Thursday, October 27 - Rocky Hill
